# Fairy Light Selection

We offer two beautiful fairy light ceiling installations for the Threshing Barn. Both styles create soft evening lighting and accentuate the romantic features of the magnificent barn.

## Circus style

The circus style design is the perfect lighting to enhance the natural charm of the barn. Strings of fairy lights are bound to a central point creating a delicate warmth of twinkling lights.

## Marquee Style

The marquee style creates an idyllic setting for your wedding breakfast with soft lighting for the evening. The lights will illuminate the barn in an elegant way whilst not overwhelming the rustic charm of the wooden beams.
